

Presbytery Council & Trustees Report
Blackhawk Presbytery Assembly Meeting
November 14, 2017

The Blackhawk Presbytery Council met on September 26 and October 24th. During these meetings, the primary concern was to discuss and update the presbytery's Vision and Values Statements. On Oct. 24th, the Council finalized their proposal for the Presbytery and planned how to include the Presbytery Assembly in being part of finalizing and adopting these Statements. The learning opportunity for November will be to learn about the transformation of a new 'Our Vision and Values' Statement and have a time for Q&A.

On September 26th, the Council met with an auditor to go over the recent audit of both Stronghold and Blackhawk Presbytery. It was riveting.

No Trustees action took place.

The members of the Council/ Trustees are excited for the upcoming new year. The entire Council is slated to return with the addition of the new Assembly Vice-Moderator, Dale Prindiville. All of the hard work from 2017 has laid a foundation to move forward with visioning and addressing needs and issues of Blackhawk Presbytery.

Respectfully Submitted,
Rev. Dr. Mike Selburg
Council/ Trustees Moderator
